### Land Handover Report

This Tuesday the 29<sup>th</sup> of December, 2015, based on the land allocation decision, no. 619 of the year 2015, issued by the Governor, with regard to allocating a plot of land to establish gas pressure reduction station for the natural gas connection project to the City of Marsa Matrouh.

The committee with the membership of:

On behalf of the Egyptian Natural Gases Holding Company:

- |                                      |  |
|--------------------------------------|--|
| 1. Mr. Salah Abdel Hady Abdel Alleim | General Manager of the financial Affairs               |
| 2. Mr. Mohamed Fathey Ghaneim        | Assisstant General Manager in the Governmental Affairs |
| 3. Mohamed Mamdouh                   | General Manager of the Legal Affairs                   |
| 4. Eng. Mohamed Salah                | Head of the planning and projects Department           |

On behalf of the City Council

- |                      |                                    |
|----------------------|------------------------------------|
| 1. Mr. Mohamed Gaber | Deputy manager of the City Council |
| 2. Mr. Qadry Hamad   | Council's properties               |

went to the land site to handover the allocated land to start the implementation procedures. The committee identified the following:

vacant land within the fence of the Desert Researches Center, the borders, lengths and surface according to the allocation decision no. 619 of the year 2015 and the attached drawing, the benefiting party shall finalize all the necessary approvals before implementation.

Based on the above, the site was handed over according to the drawing and the allocation decision no. 619 of 2015 – Matrouh Governorate

Signatures

Drawing of the land survey for a site proposed to be allocated to the Egyptian Natural Gases Holding Company (Ministry of Petroleum) as an alternative for the previous allocated land, with reference to the memorandum submitted to the Governor on 24<sup>th</sup> November, 2015.
